HEEL PAIN CENTRE – NOW OPEN!

We now have a Heel Pain Centre within our practice. This Centre is dedicated to providing you the knowledge you need to eliminate your heel pain. We want to raise awareness of the treatments for heel pain and your ability to receive the proper care required for long term relief.

Heel Pain has become an epidemic in North America. Successful treatment requires a specialized protocol. This protocol will resolve 90% of heel pain with conservative measures. That's right! No need for Surgery!! Our staff has been trained extensively on what heel pain is and how we treat it here at the Heel Pain Centre.

So if you, or someone you know, have heel pain, you can download our essential patient guide "The End of Heel Pain" FREE at www.theendofheelpain.com.

This guide will provide you with the answers to the many questions people have about heel pain. With the right knowledge and tools, you will get better faster!

Every day three or more people in Canada are diagnosed with MS, making it the most common neurological disease affecting Canadians these days. It is often diagnosed in young adults ages 15 – 40. This year will mark the 12th year of the MS walk in Collingwood. The Abbott Foot and Ankle Clinic will be joining this cause as team **Abbott's Happy Feet**, and we are inviting members of the community to join us! Giving From the Heart Food Drive

For the month of February, the Abbott Foot Clinic conducted a food drive called Giving from the Heart. Our goal this year was to raise 1000lbs of non-perishable food items. Though we did not quite make our goal, we were not disappointed – we did raise an amazing 700 lbs of food for people in need! Thank you to all who donated and supported us in our 1st annual Giving from the Heart campaign. We would not have been able to collect as much as we did without your support!

March 26 - One day only special on Aetrex footwear!
